

## **Acrylic Key Tags**

- Use a business card your client can submit for #2200. Great for last minute promotional product. Huge rush....send empty magnets to your client and they insert their own business card! FYI: Put a business card in our new business card keytag # 1300 (this is two-sided as seen on our web site) and include special promotion or calendar of events on the back side.
- A paint store, one side is black and white and the other is full color with info. The idea is to create before and after and can be used on any two-side item
- Pet grooming with messed up animal on one side and a bright and clean animal on the other. Keeps handy when you drop your animal off that you can call to see when ready.
- Put seeds on one side and flower shop or landscaping company on other.
- Separate key holder for particular items at home, in car, truck, machinery, cabs, file keys, safety box. Such as a photo of industry on one side and that particular item with service line number info on other side
- Serenity prayer on one side and logo and 24 hour hot line on other.
- Surveillance picture of camera on front and emergency number on back. So they have 7/24 phone number of security.
- School photo on one side and information on other. If in snow area, add a snow number.
- Sporting activities or special events. Put sponsor on one side and charity or corporations on second side.
- Numbering can be added to each piece so if you would like a raffle or give-a-way during an event. A pro team ordered cumulative numbers on each piece; during half time they announced the winner.
- Rest home or assisted living with the name of the facility on one side and their name and room number on the other. We send the organizations logo and information on one side of the blank perforated paper so they can write, draw or paint their own name and numbers on the second side.

Just call and we can help you create a marketing product with perceived value.
